## “A SIGN OF THE TIMES”

The future of parking lot signage is upon us.

FLEXPOST has developed a series of innovative products that will eliminate the need for u-channel sign posts for good!

No More  Bent Signs!

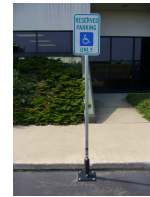

- The Flexpost products install in minutes, not hours.
- There is no digging or pouring of concrete required.
- Flexpost products pay for themselves after the first hit!
- All Flexpost products are available with concrete, asphalt or natural ground anchoring solutions.
- Flexpost has created an adhesive mounting solution. This is ideal for multi-level parking garages with concrete floors!
- Flexpost's are made of steel, not plastic like many of our competitors.
- Flexpost's patented FlexBollard systems are leading the way in the transition to the parking lots of the future.
