

Spring 2010 NEWSLETTER ~ "SPRING HAS SPRUNG!"

There is no better time than right now to replace those ugly, damaged sign posts in your parking lot. The age old phrase "You never get a second chance to make a first impression" could not be more true than when referring to a company's parking lot.

DO NOT CALL IN THE CONTRACTORS!

DO NOT SHELL OUT BIG BUCKS TO BREAK INTO YOUR ASPHALT OR CONCRETE!

U-CHANNEL AND SQUARE CHANNEL POSTS ARE OLD FASHIONED AND NEARLY OBSOLETE!

Flexpost products are made of galvanized steel and are available in six or eight foot lengths. Flexpost products install easily in minutes with no special tools, all that is needed is a power drill and a ratchet set. The FlexPost and the FlexBollard offer 360 degrees of flexibility. These products are designed to not damage a vehicle or your parking lot surface when impacted. The Flexpost products truly do pay for themselves after the first hit!

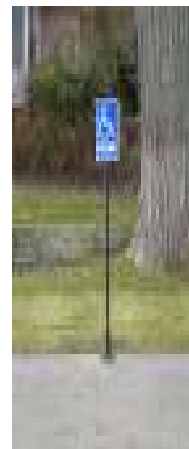

Flexposts are sold through our North American Dealer Network. To find your closest Flexpost dealer, visit: www.flexpost.net/localdealer.

Flexpost offers a great way to generate additional revenue for our dealers. We are accepting dealer applications throughout North America. For more information on the various dealer levels, please contact:

"A Sign of The Times"

BUSINESS OPPORTUNITY

Are parking lot revenues passing you by?

Attend Our FREE Webinar

**Start promoting the future
of parking lot sign posts**

Flexpost is presenting a series of webinars throughout 2010. We would like to cordially invite you to sit in on one of these valuable seminars to learn more about Flexpost.

There is no cost involved and the broadcast will take less than 30 minutes of your time.

The focus is to share the history of Flexpost, why you should be promoting Flexpost, your potential earnings and your future as a Flexpost dealer.

**To learn more or reserve your spot, please email us at:
sales@flexpost.net**
